

CISRS SCAFFOLDING PART ONE

COURSE CONTENT

The law requires that any individual wishing to erect, alter or dismantle scaffolding must be able to prove their competency. The industry-wide accepted proof of competency for operatives is to hold a CISRS Scaffold card. To be eligible to apply for this card, candidates must successfully complete the following elements of training, all of which are available at NETA:

- CISRS Part 1 Course
- CISRS Part 2 Course
- Level 2 QCF National Diploma in Accessing Operations and Rigging (Construction) Scaffolding
- CISRS Basic Skills Test

AIM

To train suitable candidates to the objectives approved by CISRS in the safe erection, alteration and dismantling of the following scaffolding:

- Independent
- Independent with return
- Mobile tower
- Static tower
- Putlog
- Birdcage
- System

Pre-Requisite

By placing a booking on the Part 1 course the delegate/employer or sponsor confirms that the delegate is currently employed or has been employed in the scaffolding industry and has at least 6 months' experience of practical scaffolding operations e.g. scaffolding labourer. Should it be found that the delegate does not have the relevant 6 months' experience, the delegate/employer or sponsor accept that the delegate may be asked to leave the course without any recourse to a refund of the costs incurred by placing the booking.

Course Duration

10 days

Maximum Number

9 persons

Training Aids

Lecture notes and audio/visual presentation

Assessment

Practical assessments and a 50 question test

Certification

On successful completion of the course candidates will receive a CISRS certificate. The certificate will be sent directly to the delegate or their sponsor company.

Equipment

Delegates must wear PPE (Personal Protective Equipment) during the practical aspects of the course. Delegates will be required to provide:

- Hard Hat
