

LEVEL 3 NVQ DIPLOMA IN ACCESSING OPERATIONS & RIGGING (CONSTRUCTION) SCAFFOLDING

ASSESSMENT CONTENT

The law requires that any individual wishing to erect, alter or dismantle scaffolding must be able to prove their competency. The industry-wide accepted proof of competency for operatives is to hold a CISRS Scaffold card. To be eligible to apply for this card, candidates must successfully complete the following elements of training, all of which are available at NETA:

- CISRS Advanced
- Level 3 QCF National Diploma in Accessing Operations & Rigging (Construction) Scaffolding
- CISRS Advanced Skills Test

AIM

To provide the delegate with the relevant information to help them achieve the NVQ Level 3 Diploma in Accessing Operations & Rigging (Construction).

Pre-Requisite

Delegates must have successfully completed a tube and fitting Advanced CISRS scaffolding course and must be able to provide evidence of this training in the form of certificates.

If you attended your Advanced at another training centre, you will be required to attend and successfully complete a Level 3 Portfolio Build, which includes one Level 3 Onsite Assessment/Witness Statement service. As part of the build, delegates will be issued with a blank NVQ portfolio and receive an NVQ induction from our Assessor. During the induction the Assessor will answer any questions and help delegates to make a start on the job knowledge questions in their portfolio. Our Assessor may also carry out a professional discussion. Delegates will then be expected to complete the portfolio in their own time; their Assessor will be available to provide information, advice and guidance via telephone or email.

Any physical impairment or literacy issues should be discussed during the booking stage to ensure we can best accommodate your needs.

Course Duration

1 day.

Maximum Number

5 persons.

Training Aids

Lecture notes and portfolio

Assessment

Evidence portfolio (photos, hand-over certificates, risk assessments etc.). The Assessor will make a judgment against specified performance criteria as to whether an individual is able to demonstrate competence.

Certification

On successful completion of assessment and internal verification delegates will receive a CAA (Construction Awards Alliance) QCF NVQ Level 3 Diploma in Accessing Operations & Rigging (Construction) certificate which is included in the cost of the assessment. They will be forwarded to the delegate directly or to their sponsor as soon as possible. The average time from assessment to application of certificate is 6 -8 weeks. Delegates and/or their sponsors will be contacted upon certification and informed of information regarding the Skill Test.

Additional Information

Meeting the needs and expectations of service users is of the highest priority to our staff. Therefore if you have any concerns or wish to make a comment about the service please contact: info@NETA.co.uk

- Erecting and dismantling falsework scaffolds
- Erecting and dismantling shoring scaffolds
- Erecting and dismantling temporary roof scaffolds
- Inspecting scaffolding / rigging systems
- Utilising provision of fall protection systems

COURSE SYLLABUS
