

CISRS SCAFFOLDER REFRESHER/CPD

COURSE CONTENT

AIM

This course has been developed to refresh the delegate's existing knowledge, to ensure that the delegate is made fully aware of changes in legislation and good working practices and to provide additional training to align their skill-set with the contents of current CISRS Scaffolder/Advanced Scaffolder Courses. The introduction of this course will help ensure CISRS scaffolders maintain their status of being a well-trained, safety conscious and highly respected sector of the construction industry.

Pre-Requisite

The Scaffolder Refresher/CPD course is only available to CISRS Scaffolder and Advanced card holders. Delegates are eligible to attend the course up to six months in advance of their card expiry date. Their new cards will expire 5 years after the expiry of their existing card. For delegates who attend the course after their cards have expired, the expiry date of their new card will be 5 years from the date of the card processing date.

Course Duration

2 consecutive days.

Maximum Number

12

Training Aids

Lecture notes and audio/visual presentation.

Assessment

Scaffold Inspection module, CISRS Health, Safety and Behavioural Test.

Certification

On successful completion of the course candidates will receive a CISRS certificate.

Equipment

Delegates must wear PPE (Personal Protective Equipment) during the practical aspects of the course. Delegates will be required to provide:

- Hard Hat
- Safety Boots
- Gloves
- High visibility vest or overalls (optional)

Additional Information

Meeting the needs and expectations of service users is of the highest priority to our staff. Therefore if you have any concerns or wish to make a comment about the service please contact: info@NETA.co.uk

COURSE OBJECTIVES

On successful completion of this course delegates will be able to:

- Understand the course content
- Understand a re-cap of the Part 1 and 2 course questions
- Understand the update on the requirements on the NASC guidance TG20:13
- Understand the update on the requirements of scaffolds that are not TG20 compliant and therefore require a bespoke design
