

# RISK ASSESSMENT AND RISK MANAGEMENT

## COURSE CONTENT

### AIM

The aim of this course is to provide delegates with information and practical instruction on risk assessments and risk management.

### Pre-Requisite

Knowledge of the area where risks are to be assessed is advantageous.

### Course Duration

Half day.

### Maximum Number

10 persons.

### Training Aids

Lecture notes, audio visual presentation, demonstrations and practical exercise.

### Assessment

Practical exercises.

### Certification

On successful completion of this course delegates will receive a NETA certificate.

Please Note: NETA certificates have an advised expiry of 3 years from date of issue.

### Additional Information

Meeting the needs and expectations of service users is of the highest priority to our staff. Therefore if you have any concerns or wish to make a comment about the service please contact: [info@NETA.co.uk](mailto:info@NETA.co.uk)

## COURSE OBJECTIVES

On completion of the course, delegates will have an understanding of:

- Aims and objectives of risk management
- Definitions
- Principles of risk assessment
- Principles of risk management
- Health and Safety at Work Act
- Management of health and safety
- Benefits of risk assessment
- 5 Steps to risk assessment (HSE Model)

There are many ways that companies can evaluate risk; client company procedures can be incorporated into the objectives of this course. It is essential that the company provides NETA with this information prior to the start of the course.
