

Level 3 Pipefitting Apprenticeship

Introduction: Pipefitters fabricate pipework and supports using detailed engineering drawings, cutting, shaping and bending pipe in preparation for welding. Often working alongside welders they connect piping efficiently and safely, sometimes in difficult conditions.

Key Facts:

Course Duration	Typically 36 to 42 months
Attendance Time	Dependant on Employer requirements
Pre-qualification Requirements	You will study functional skills in English and Maths, if you haven't already achieved GCSE grade A*-C/9-4 in these subjects.
PPE supplied	Yes

How will I be assessed? You will be allocated a course tutor/assessor to provide guided learning and support with assignments. You will be observed in the workplace by your allocated assessor.

What will I learn? You will learn how to read drawings, measure and mark out, how to use hand tools. You will also be taught pattern development, oxy-fuel cutting and fabrication techniques, welding and small bore tubing.

Why choose NETA?

- You'll learn in a real working environment
- You'll receive excellent teaching and learning
- We have strong links with business and employers
- All of our Tutors are industry experienced
- Excellent progression opportunities

How do I apply?
